INT. GROCERY STORE - DAY

Karen is standing in the self checkout line with an unattended basket in front of her, when Karyn seemingly cuts the line, joining the unattended basket

KAREN

(fake nice)

Excuse me, sorry, there's a line

KARYN

Yeah, this basket right here, it's mine, I just stepped away for a sec to go grab an avocado

KAREN

Yeah, that's not how line ups work, hun. You're gonna have to go to the back

KARYN

Oh, I'm sorry, but what you're not gonna do is call me "hun"

KAREN

What you're not gonna do is jump the line. It's inconsiderate

KARYN

What you're not gonna do is question my character by accusing me of heinous acts... like jumping a line

KAREN

What you're not gonna do is make this situation about you when clearly, I'm the victim

KARYN

What you're not gonna do is bully me in public. Please acknowledge my rightful place in this queue, now!

KAREN

(while pointing finger)

What you're not gonna do is speak to me like I'm a goddamn child. I am a proud adult woman

KARYN

What you're not gonna do is point at me with your greasy little fingers

KAREN

Oh real classy, what you're not gonna do is comment on my weight. Wearing those discount rack Walmart leggings, you have a rip on the side by the way

KARYN

What you're not gonna do is twist my words out of context, then vilify me for my fashion identity

MANAGER

Excuse me, Ma'am

KAREN AND KARYN

(angrily)

What?

MANAGER

Look, I'm going to have to ask you both to vacate the premises

KAREN

On what grounds?

MANAGER

You're creating quite the spectacle, and we don't condone this behaviour in our stores

KAREN

Ohh, great... just great, he's trying to take away our rights

KARYN

Absolutely not! Unacceptable

KAREN AND KARYN

Can I speak to the manager?

MANAGER

I *am* the manager

KAREN

Well, then, I'll need to speak with your supervisor

MANAGER

I'm the decision maker on site at the moment, so will you be leaving on your own accord, or should I call security?

KARYN
Security? Is that an empty threat?

MANAGER
I assure you, ma'am, it's not

KAREN
(speaking to Karyn)
Don't worry, I have head office on
speed dial. This won't be the end,
you're going to regret this, pal

The two abandon their shopping baskets and walk towards the
exit

KARYN
Now, how am I supposed to feed my
kids?! We're all out of hamburger
helper

KAREN
You know what, why don't you and
the kids come by for dinner? I've
got tater tots.

Karen pulls out a small notebook from her bag and begins
writing her address

KAREN (CONT'D)
Here's my address and phone number,
see you at 6?

KARYN
See you at 6, babe

FADE TO BLACK.
